TEMPLARIUS
IMPERATOR 550w

POWER SUPPLY

- Templarius White-Knight Style with white lighting for an awesome aesthetics.
- Compliance with Intel ATX 12V 2.3 & SSI EPS 12V 2.92 standards.
- Ultra-Low Noise 13.9cm fan with Smart fan speed control and patented G-Flow technology with airflow guiding for perfect PSU cooling performance.
- 80+ BRONZE Certified for a High-Efficiency up to 85% (550&650W).
- Supports Dual Core CPU, ATI CrossFire, NVIDIA SLi and all Multi-Core GPU technologies.
- Built-in next generation 6+2 pin PCI-Express graphic card connector.
- Active Power Factor Correction (PF>0.99) for stable power conversion and overall reliability.
- Extremely good voltage regulation (±5%): provides steady and reliable power input.
- Robust & dedicated single +12V rail output for extreme-power needs support.
- High reliability: MTBF>120,000 hours.
- Green power design that meets EuP requirements.
- Built-in Industry Grade Protections: Over Current, Over Voltage, Over Wattage, Over Temperature and Short-Circuit protection.
- Safety / EMI Approvals: CE, CB, TUV, FCC, UL.

Logistics:	
Reference:	IMP550
EAN Code:	4710700950135
Product Dimensions:	150x86x165mm.
Weight:	1,3 K.
Units/Box:	6 Units
Units/Palet:	168 Units.
